Multi Fixed DC Power Supply +5V, ±12V / 1A

Model : SF-3004

SINCOM SF-3004 Multi Fixed DC Power Supply is a compact and convenient device that offers a Multi Fixed DC power supply of +5V and ±12V / 1A. Additionally, it is outfitted with short-circuit protection for enhanced safety measures.

Features

- ❖ Compact Designed
- ❖ Multi Fixed IC Regulated DC Supply
- ❖ Short Circuit Protection
- ❖ Power ON LED Indicator

Technical Specifications

- AC Input Voltage : AC 230V ±10%, 50Hz
- DC Output Voltage : +5V and ±12V Dual
- DC Output Current : 1 Amp.
- AC Input Protection : Using Panel Mounting Glass Cartridge Fuse
- Protection : Automatic Overload & Short Circuit Protection
- Weight : 0.5 kg (approx)
- Dimensions (mm) : L 110x W 170 x H 75
- Operating Temperature : 0-55°C, 85% RH

Accessories Included : Set of Test Probe
